## Administrator's Statement

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

### 71C Texas State Technical College - West Texas

---

In accordance with the instructions, Texas State Technical College (TSTC) submits the following Legislative Appropriations Request (LAR) for fiscal years 2026 and 2027 to the Governor's Office of Budget, Policy, and Planning and the Legislative Budget Board. TSTC's LAR is submitted in a manner consistent with the description of TSTC in Section 135.02 of the Texas Education Code, including a LAR for the System Administration unit and the College's seven campus bill patterns. The Administrator's Statement and related attachments are identical in all eight TSTC LAR documents.

#### OVERVIEW

TSTC is a unique institution focused on providing specialized technical education, not commonly offered by public junior colleges, through its network of campuses across Texas. With 11 campuses currently, and another authorized, TSTC offers over 100 degree and certificate programs designed to meet the evolving needs of Texas employers. The college's programs cover a range of advanced and emerging technologies, including Electrical Lineworker, Precision Machining, and Welding.

TSTC's approach to education is hands-on and practical, emphasizing real-world experience and problem-solving skills. This "learning by thinking and doing" philosophy is supported by strong partnerships with industry leaders alongside capital intensive training labs filled with high-tech equipment. Students benefit from training on cutting-edge machinery and technology, often working directly with top organizations to prepare for high-demand careers.

By aligning programs with industry requirements, TSTC helps students become highly qualified candidates and ensures that graduates are well-prepared to meet the technological and workforce demands of Texas.

#### SIGNIFICANT CHANGES IN POLICY

**FUNDING FOR WORKFORCE TRAINING:** TSTC is the only higher education institution in the state that is not funded for accelerated training (short-term, non-credit credentials). Short-term credentials for reskilling or upskilling employees are crucial for the growth of the Texas economy because they enable the workforce to quickly adapt to the evolving demands of industry. As technology advances and market needs shift, businesses require employees with updated skills to stay competitive. Short-term programs provide a fast and flexible way to bridge the skill-gaps, ensuring that workers can contribute effectively to high-growth sectors such as manufacturing, technology, and transportation. TSTC's adaptability not only helps businesses thrive but also empowers workers with new opportunities, leading to a more dynamic and resilient economy in Texas. TSTC requests following the recommendation of the THECB's Formula Advisory Committee that workforce training and continuing education students be included in TSTC's Returned-Value formula funding.

**RESOLVING THE MID-SESSION RUN:** In previous years, the calculation of TSTC's formula was incomplete when the base budget was written, and significant fluctuations have been seen when the final calculation is run mid-session. The cohort years included in the Returned-Value formula have been six and seven years, respectively, before the legislative session, with the intent of including five years of wage data after a student exits TSTC in the calculation. Timing issues with the availability of the data has resulted in the base budget using an interim cohort, and the final formula calculation estimating a portion of the fifth year wages.

TSTC requests following the recommendation of the THECB's Formula Advisory Committee that adjust the cohort years included in the formula calculation to seven and eight years, respectively, to remedy the issue. To avoid the mid-session fluctuations and ensure five full years of actual wage data is available for the Returned-Value formula calculation, the formula calculation for 89th legislative session would include cohort years 2017 and 2018.

**71C Texas State Technical College - West Texas**

---

RETURNED-VALUE FORMULA REFINEMENT: As stated in the General Appropriations Act, TSTC, THECB and the LBB will work together to refine TSTC’s formula as needed. The current formula calculation relies on an outdated federal minimum wage, and TSTC is currently working with the THECB to update the base wage used in the formula. The new data includes actual wages in Texas for high school graduates from the American Community Survey, which can be updated each session and more closely reflects the intended demographic. Recommendations based on this work will be available in late 2024.

TSTC’s primary funding source is the Returned-Value funding formula appropriation, which provides a “commission” to the College based on the economic value created by the employment and earnings of its former students. In recent sessions, the legislature has maintained the link between performance and funding by funding the full commission rate. As the base wage is adjusted, the commission rate will receive a corresponding adjustment in the THECB’s recommendation.

TSTC’s focused mission and dependable economic model have enabled a successful transformation from a struggling education agency to a market-driven workforce pipeline. This transformation has provided measurable economic benefits to taxpayers and enhanced upward mobility for Texans who are frequently overlooked by conventional educational systems.

**SIGNIFICANT CHANGES IN PROVISION OF SERVICE AND EXTERNALITIES**

The 88th Legislature designated the campus in East Williamson County, previously an extension center, as a stand-alone campus. Growing needs from industry partners such as Samsung, Tesla, & KoMiCo Technologies Inc. have spurred a significant demand for advanced skills in the area. In response to these needs, TSTC requested that East Williamson County be its own campus and continue to grow. As such, the campus now has its own bill pattern and will need the traditional campus funding appropriation strategies to continue operations, which primarily include Instruction and Administration (I&A) funding, Space Support, Small Institution Supplement, and Institutional Enhancement.

By aligning educational programs and workforce development initiatives with the specific requirements of these industry leaders, Texas can position itself as a key player in the global economy and support the growth and success of its industry partners.

**PURPOSE OF NEW FUNDING REQUESTS AND EXCEPTIONAL ITEMS**

In 2013, TSTC transitioned to become the state's leading institution in outcomes-based funding, meaning its funding is directly tied to a skilled graduate filling a high-value job in the workforce. This model has led to increased student prosperity and a greater value returned to the state. Despite these successes, TSTC faces significant challenges which hinder its ability to fully address the growing workforce demands in Texas.

Unlike other two-year institutions in Texas, TSTC has constrained access to capital funds for new construction and infrastructure improvements. TSTC does not receive property tax support and relies heavily on public and private funds along with state Capital Construction Assistance Projects (CCAP) and limited HEF funding. This limits TSTC’s ability to expand instructional space. Currently, there is a misalignment between current campus capacities and the increasing industry workforce needs. Without the necessary funds to build new instructional spaces, TSTC cannot fully meet the demand for skilled workers. To address these challenges, as outlined on page 3 of the attachment, the TSTC System is proposing an ambitious, two-phased plan to address the needs across the state. This strategic plan is critical for TSTC to continue delivering a high-quality workforce and supporting Texas' economic growth. Phase 1 of the plan corresponds to Exceptional Item number 2, which includes CCAP funding for the two newest campuses and expanding the presence in Ellis County. Phase 2 can be achieved with a proposed \$1 billion endowment along with other public and private funds from local governmental entities, private foundations, and donors.

**Administrator's Statement**

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

**71C Texas State Technical College - West Texas**

---

**Exceptional Item No. 1: Start-up funding for new campuses**

TSTC receives Returned-Value formula funding after former students participate in the workforce for five years, causing a delay in funding to TSTC of seven to nine years. Until then, the System lacks a revenue stream to operate and maintain these new campuses. Start-up, or bridge funding, from the legislature is necessary to resolve the timing difference between when the funding is earned and paid. TSTC is requesting \$19.4 million to continue expanding the new campus in Comal/Guadalupe counties and \$900 thousand to establish the campus in Denton County.

**Exceptional Item No. 2: CCAP Funding to increase capacity**

The 88th legislature authorized TSTC to operate in new locations in Texas: Comal/Guadalupe Counties, Denton County, and expanding in Ellis County. However, funding for campus buildings and equipment is still needed. Located in the fastest-growing areas of Texas, these new locations will place skilled graduates in open positions employers are desperately trying to fill. TSTC requests \$450 million in one-time CCAP funds to build these new campuses in authorized counties.

**Exceptional Item No. 3: Commercial Driver's License Training Capacity**

The shortage of commercial driver's license (CDL) holders is restricting Texas industry and supply chain operations. According to the Texas Trucking Association (TXTA), the shortage of CDL holders continues to negatively impact the supply chain, as 82% of Texas communities depend exclusively on trucks for needed products. With its statewide scope and strategic placement across the Texas landscape, TSTC is uniquely positioned to address the CDL shortage in a meaningful way. To execute rapidly, TSTC requests an Exceptional Item of \$66.2 million to (1) establish or expand six CDL training and testing sites, (2) create capacity to license approximately 1,100 drivers per year, and (3) establish a platform for an advanced transportation ecosystem around the state meeting both the immediate and future training needs of Texas.

## DIFFERENT BY DESIGN

In 1965, Texas State Technical College (TSTC) was founded to meet the evolving workforce needs of the state. As the only state-supported technical college in Texas, TSTC exists to place more Texans in great-paying jobs.

*Education Code Title 3. Higher Education Chapter 135 Sec. 135.01*

## CREATING CAREERS, CHANGING LIVES

As the workforce college of Texas, TSTC provides technical training in high demand fields. With over 7,660+ industry partnerships within the state, graduates can expect to find meaningful employment. But the impact doesn't end there. Every new job has a ripple effect, changing the lives of students, their families, and the State of Texas.

## 100% OUTCOMES-BASED FUNDING

As the only higher education institution that is 100% outcomes-based funded, the state holds TSTC accountable for job placement and wages. TSTC does not get paid unless our students get well-paying jobs. This unique returned-value funding model incentivizes the college to provide employers with highly-skilled workers to meet their demands.

## BEST IN CLASS

TSTC stands out as the premier institution for training students for high-skilled, high-waged jobs offering programs that align with industry's ever-changing demands. TSTC produces more highly skilled, highly paid graduates than any other two-year college in Texas. With a focus on hands-on learning and real-world experience, TSTC ensures that graduates are job-ready, making it the best choice for those seeking to excel in today's competitive job market.

## WORKFORCE TRAINING

In addition to certificates and degrees, TSTC keeps Texans working by providing the latest skills through short-term training programs, many of which are tailored to specific employer needs.

## WE'VE GOT TEXAS COVERED

From north to south and everywhere in between, TSTC has a location that will fit the needs of Texans throughout the state.

**\$108.4M**

combined first-year earnings  
of TSTC graduates

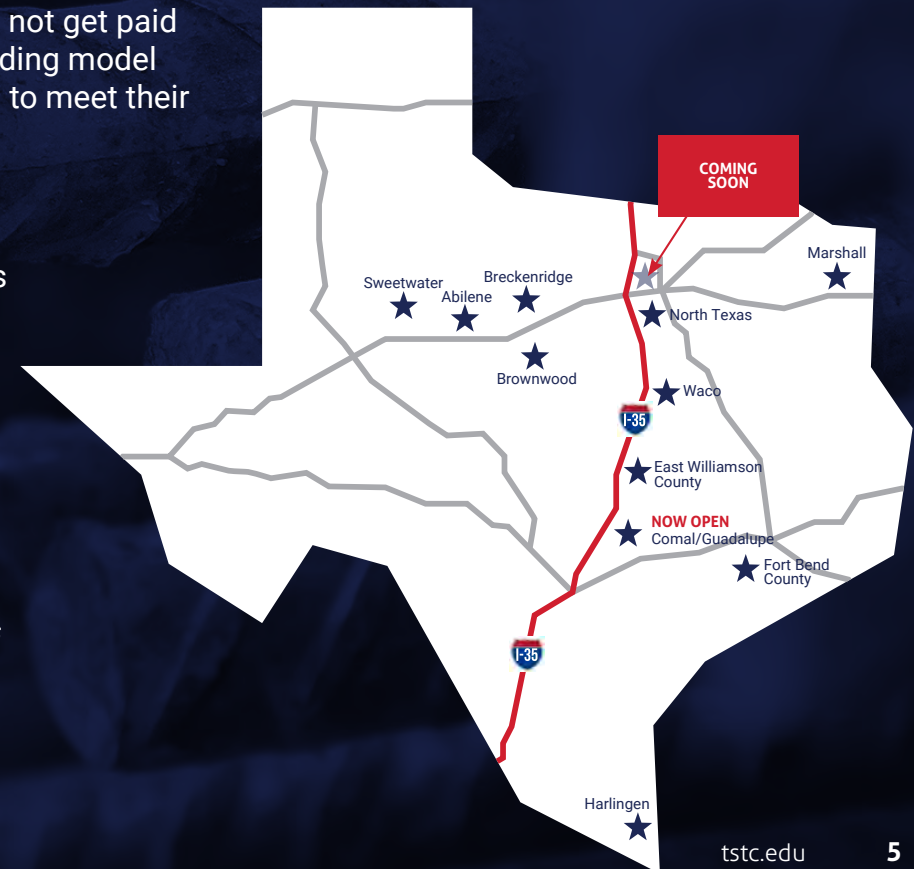

**83%**

job placement rates for  
graduates in 2021-22

**7,660+**

industry partners

# BARRIERS TO THE TSTC MISSION

“The **only** thing wrong with **TSTC** is they are **too small**.”

Tony Bennett  
Texas Association of Manufacturers

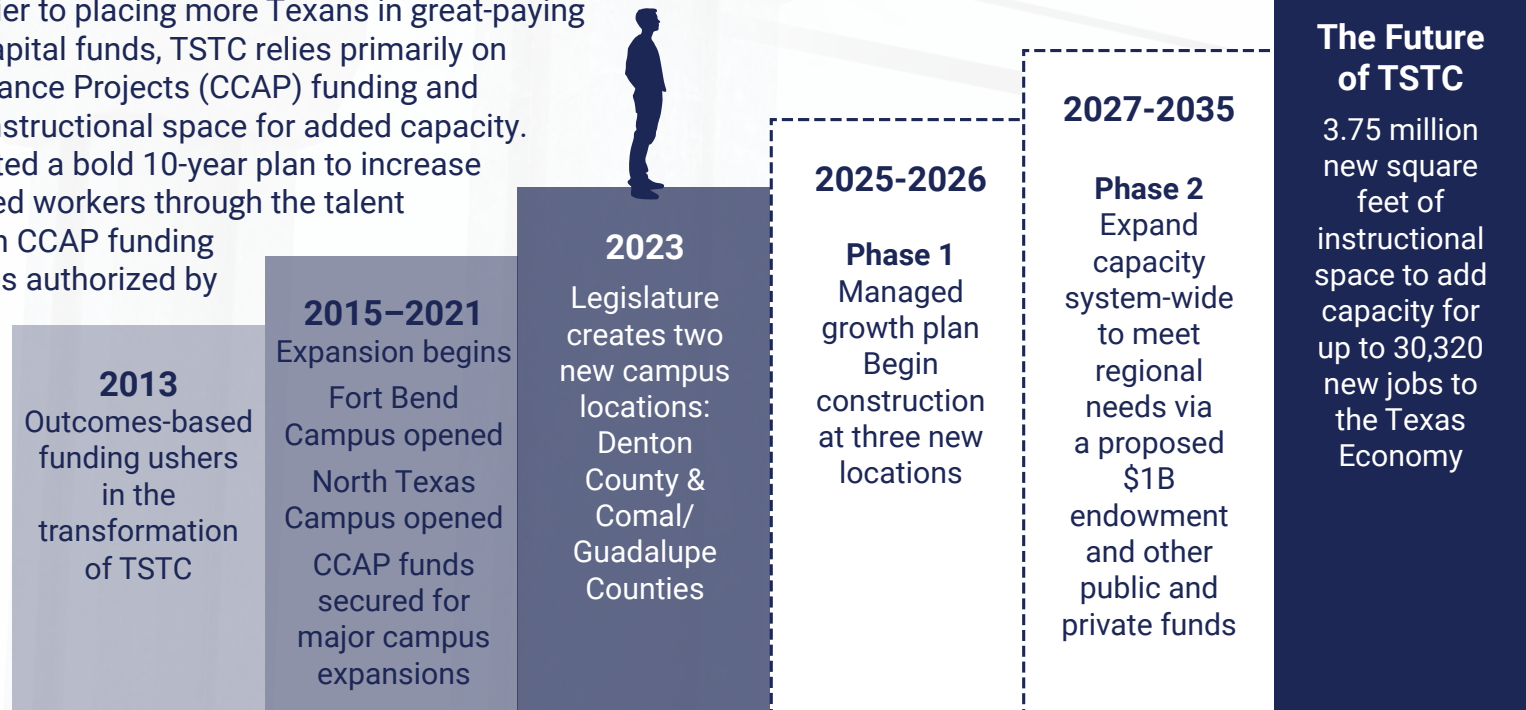

## EVER-GROWING WORKFORCE DEMAND

TSTC fuels Texas' economic engine by producing highly skilled workers for today's in-demand jobs. TSTC is the only institution of higher education in Texas with economic development written into the education code as part of its mission. Employers seek out TSTC graduates first. Our commitment to quality in teaching skills employers value is key to their success.

## FUNDING TO INCREASE CAPACITY IS AN ISSUE

TSTC is too small because many of our campuses are undersized. Capital construction funding for additional capacity is the primary barrier to placing more Texans in great-paying jobs. Without a source of capital funds, TSTC relies primarily on Capital Construction Assistance Projects (CCAP) funding and private donations to build instructional space for added capacity.

The team at TSTC has created a bold 10-year plan to increase capacity and put more skilled workers through the talent pipeline. Phase 1 will rely on CCAP funding to build three new campuses authorized by the 88th Legislature. Phase 2 will rely on other avenues of funding such as the \$1B proposed permanent endowment before the 89th legislature. TSTC will utilize only investment income from the endowment, leaving the original seed money in the investment fund.

## 2026–2027

BIENNIUM

### PHASE 1

- 900,000 sq. ft. increase capacity to fill 7,200 jobs
- \$450 million (CCAP)
- Comal/Guadalupe Counties, Denton County, and Ellis County

## 2028–2029

BIENNIUM

### PHASE 2

- 720,000 sq. ft. increase capacity to fill 5,760 jobs
- \$450 million
- Added capacity based on regional needs.

# 10-YEAR PLAN

\$2.25 billion  
3.75 million sq. ft.  
Increase capacity to fill 30,320 jobs

## 2030–2031

BIENNIUM

- 540,000 sq. ft. increase capacity to fill 4,320 jobs
- \$450 million
- Added capacity based on regional needs.

## 2032–2033

BIENNIUM

- 820,000 sq. ft. increase capacity to fill 6,560 jobs
- \$450 million
- Added capacity based on regional needs.

## 2034–2035

BIENNIUM

- 820,000 sq. ft. increase capacity to fill 6,480 jobs
- \$450 million
- Added capacity based on regional needs.

A black silhouette of a worker wearing a hard hat and safety harness, climbing a utility pole. The worker is positioned on the left side of the page, with their body angled towards the right. The pole and associated equipment are also silhouetted against a white background.

# NOTEWORTHY CHANGES & EXCEPTIONAL ITEMS

## Notable changes in bill patterns and formula funding.

### **Funding for Workforce Training**

TSTC is the only institution of higher education in Texas that does not receive funding for workforce training programs. Because of this, many employers cannot afford to train their employees on new and emerging technologies. TSTC requests following the recommendation of the THECB's Formula Advisory Committee that TSTC begins including workforce continuing education students in TSTC's Returned-Value formula funding to respond to the growing Texas economy.

### **East Williamson County Campus (Hutto)**

The campus in East Williamson County was designated as a stand-alone campus (previously an extension center) by the 88th legislature. As such, the campus will have its own bill pattern beginning in the 89th legislative session, and needs the standard campus funding strategies added to the new bill pattern.

### **Resolving the Mid-session Run**

In previous years, the calculation of TSTC's formula was incomplete when the base budget was written, and significant fluctuations have been seen when the final calculation is run mid-session. An adjustment to the cohort years included in the calculation will solve this problem. TSTC requests following the recommendation of the THECB's Formula Advisory Committee that cohort years included in the formula be adjusted accordingly.

### **Returned-Value Formula Refinement**

The current formula calculation relies on an outdated federal minimum wage. TSTC is currently working with the THECB to update the base wage used in the formula based on actual wages in Texas for high school graduates from the American Community Survey. Recommendations based on this work will be available in late 2024.

## Exceptional Item Requests

### **EXCEPTIONAL ITEM #1: Start-Up Funding**

\$19.4 million in start-up funding for the recently opened campus in Comal/Guadalupe Counties.  
\$900K in start-up funding for a new campus in Denton County.

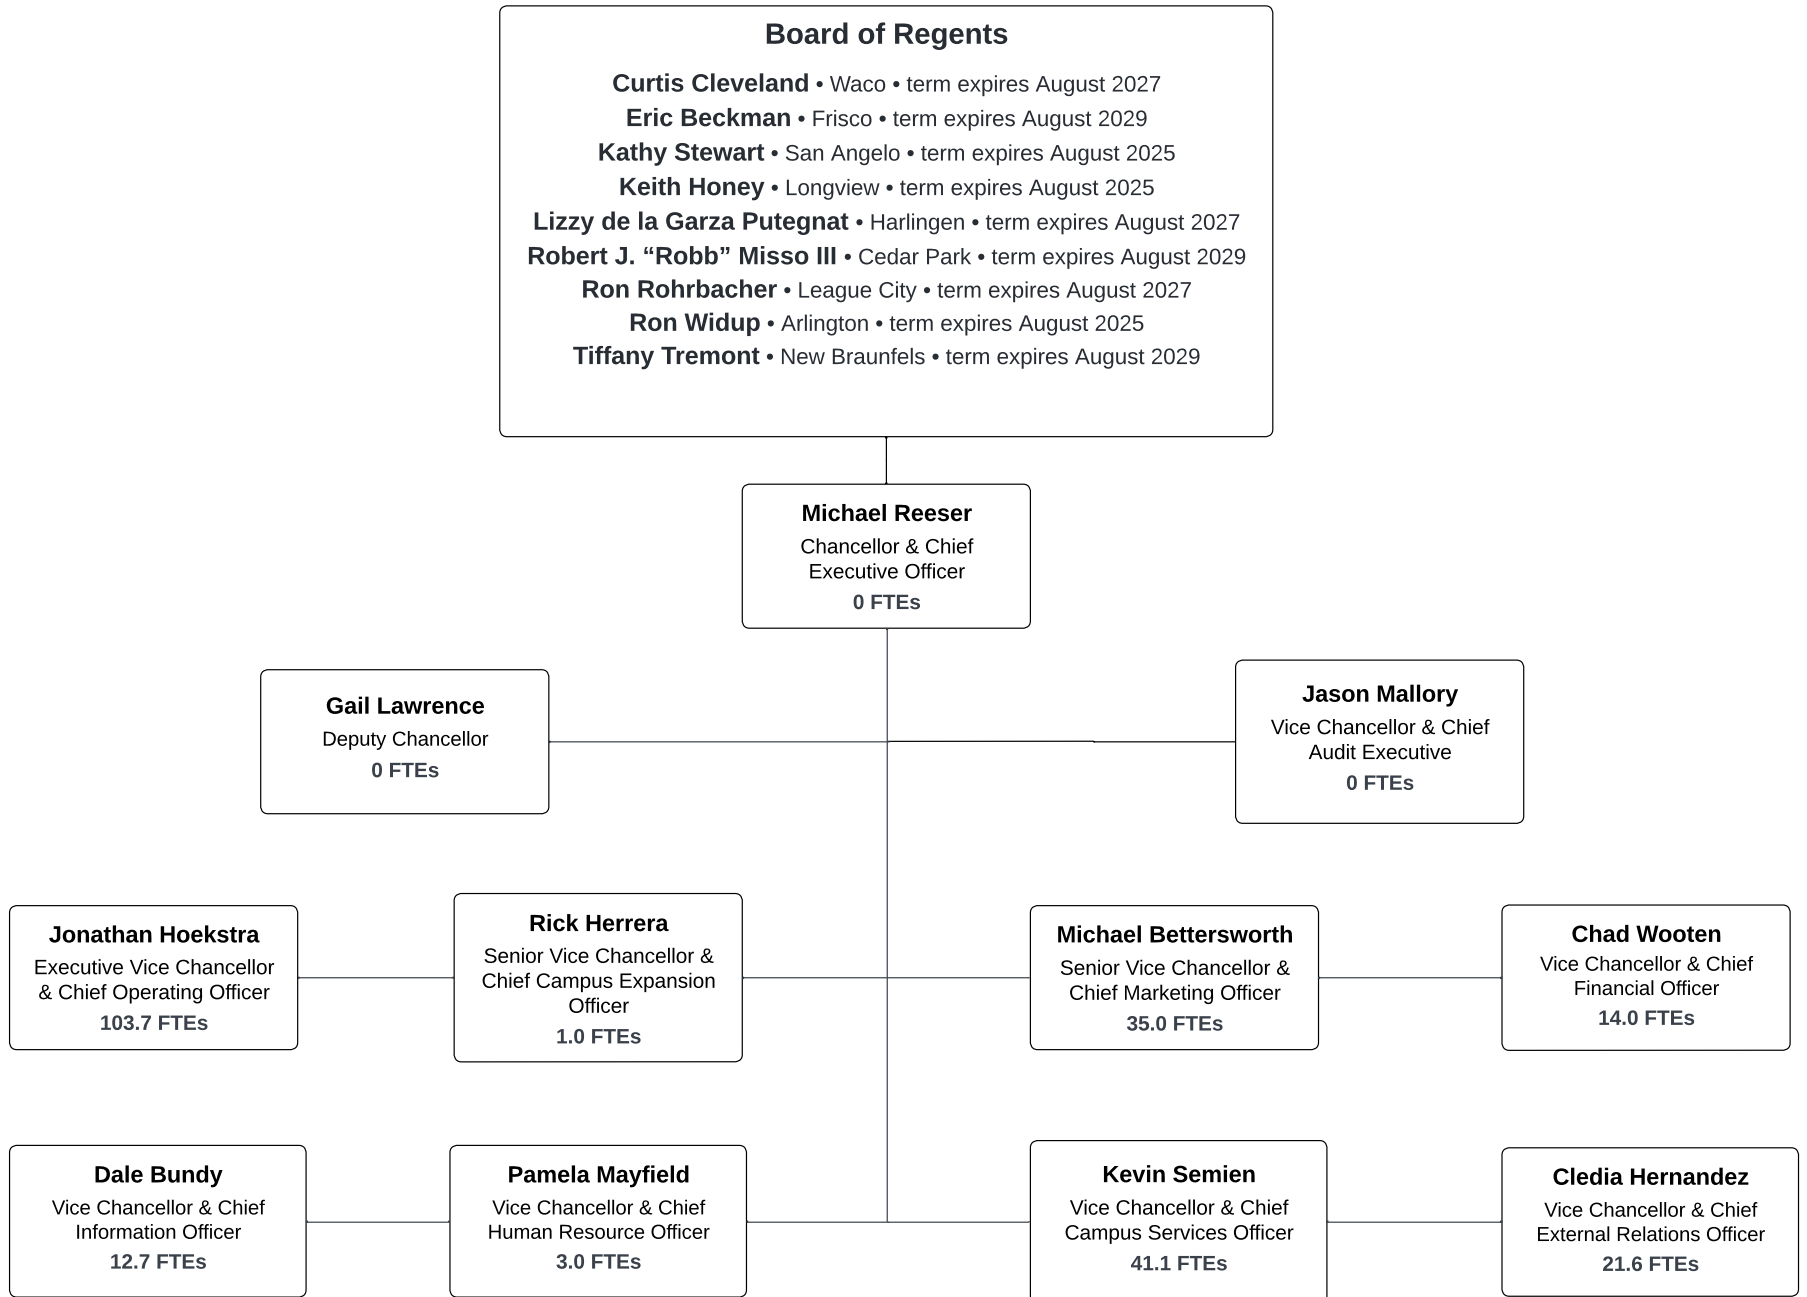

### **EXCEPTIONAL ITEM #2: CCAP**

TSTC is requesting \$450 million in CCAP funds to begin Phase 1 of our 10-year managed growth plan. These funds will build 900,000 sq. ft. of training space and increase our capacity to fill 7,200 additional jobs in Comal/Guadalupe, Denton and Ellis Counties. Phase 2 covers an 8-year period and will depend on additional funding from a proposed permanent endowment and other sources.

### **EXCEPTIONAL ITEM #3: CDL \$66.2 Million**

This one-time investment will have an immediate, significant impact on the Texas economy that will continue well into the future. The American Trucking Association (ATA) reports the current shortage of truck drivers nationwide is around 80,000 and will reach 160,000 by 2030 if current trends continue. This expansion plan will add over 1,100 new drivers to the Texas workforce each year.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

In the General Appropriations Act, HB 1, 84th Texas Legislature, Section 11 (page III-224), allocated funding under the Instruction & Operations strategy among Texas State Technical Colleges (TSTC) based on the additional direct and indirect state tax revenues generated as a result of the education provided. This formula furthers the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours. This funding facilitates the provision of industry standard, state-of-the-art education and training in high priority careers.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

(1) - Formula funded strategies are not requested in 2026-27 because amounts are not determined by institutions.

**3.A. Strategy Request**

------	-------------	----------	----------	----------	------------------------	------------------------

Texas businesses in key industries are unable to find enough sufficiently trained workers to fill available, middle-skill jobs (those which require credentials between high school and a four-year college degree). Consequently, many Texas employers are left unable to grow and innovate, restricting their ability to compete in the current economy. This growing need for workers in middle-skill occupations is concentrated in the STEM fields, TSTC's primary focus. According to the U.S. Census Bureau, population levels were flat to declining for three of the four counties that host TSTC campuses in West Texas. The exception was Taylor County, where the Abilene campus is located.

------	-------------	----------	----------	----------	---------	---------

The 86th Texas Legislature provided non-formula funding for dual credit enrollment. TSTC continues to offer dual credit programs with a specific emphasis on Career and Technical Education pathway programs.

If faced with lack of funding for dual credit programs, TSTC would have to assess the necessity to suspend, or considerably change the business model for dual credit offerings. The dual enrollment effort is extremely important to TSTC but it is an activity that requires significant resources of the College without the ability to recoup the costs without the non-formula funding.

This non-formula funding for dual credit programs allows TSTC in West Texas to continue and/or grow its dual credit program.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

TSTC in West Texas partners with 44 schools to offer dual credit at the secondary level.

------	-------------	----------	----------	----------	------------------------	------------------------

House Bill 1 (General Appropriations Act), 84th Legislature, Regular Session, Article III, Higher Education Coordinating Board, Section 55 (p. III-54), directed the Texas Higher Education Coordinating Board (THECB) to conduct a study of the Space Projection Model.

The study conducted in response to Rider 55 treated the allocation of space for TSTC different than other institutions evaluated by dramatically increasing the allocation of teaching space for TSTC. This was validated as necessary by a third-party consultant who noted the space-intensive nature for TSTC training programs, relative to other spaces considered in the model.

During its formula funding development process, the Texas Higher Education Coordinating Board Formula Advisory Committee recommended incorporating Space Support funding into the Returned-Value formula to, as directed by the Legislature, further the goal of rewarding job placement and graduate earnings, not time in training or contact hours.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Small Institution Supplement strategy provides \$1,316,566 during a biennium for institutions that enroll less than 5,000 students (phased out between 5,000 and 10,000), recognizing that institutions have a minimum cost of operation that may not be covered by funds generated through the formulas.

(1) - Formula funded strategies are not requested in 2026-27 because amounts are not determined by institutions.

The 76th Legislature created the initial Institutional Enhancement appropriation based on a consolidation of certain special item appropriations with inclusion of \$1.0 million per year to the strategy. This funding is an important source of funding for various E&G components.

These funds will support educational support activities, instructional services, and student services.

CODE	DESCRIPTION	Exp 2023	Est 2024	Bud 2025	BL 2026	BL 2027
------	-------------	----------	----------	----------	---------	---------

Texas industry and supply chain are constrained by the shortage in commercial driver’s license (CDL) holders. This shortage spans across a broad range of industries in Texas. The American Trucking Association (ATA) reports that nearly 72% of all freight tonnage moved in the U.S. travels by commercial truck. In order to meet America’s freight needs, the industry requires nearly three million heavy-duty Class 8 trucks and over three million truck drivers. ATA reports the current shortage of truck drivers nationwide is around 80,000 and will reach 160,000 by 2030 if current trends continue. According to the Texas Trucking Association (TXTA), the shortage of CDL drivers continues to negatively impact the supply chain, as 82 percent of Texas communities depend exclusively on trucks for needed products. TXTA also advises that 15 of every 1,000 jobs in Texas belong to truckers, and projects approximately 62,000 new job openings due to growth over the next 10 years. With its statewide scope and strategic placement across the Texas landscape, TSTC is positioned to address the CDL shortage in a meaningful way. To execute rapidly, TSTC requests an Exceptional Item of \$103 million to (1) establish or expand six CDL training and testing sites, (2) create licensing capacity to license approximately 2,400 drivers per year, and (3) establish a platform for an advanced transportation ecosystem around the state meeting both the immediate and future training needs of Texas.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Consequences of not funding: Continued Driver shortage, prolonged supply chain disruption and negative impact to the Texas Economy.

**DESCRIPTION / JUSTIFICATION:**

The American Trucking Association (ATA) reports that nearly 72% of all freight tonnage moved in the U.S. travels by commercial truck. In order to meet America’s freight needs, the industry requires nearly three million heavy-duty Class 8 trucks and over three million truck drivers. ATA reports the current shortage of truck drivers nationwide is around 80,000 and will reach 160,000 by 2030 if current trends continue. Data indicate that the median pay for a standard Class A commercial driver's license (CDL) is \$60,158, and Class A CDL truck driving jobs that require endorsements (Tanker, HAZMAT, or both) have higher pay. According to the Texas Trucking Association (TXTA), the shortage of CDL drivers continues to negatively impact the supply chain, as 82 percent of Texas communities depend exclusively on trucks for needed products. TXTA also advises that 15 of every 1,000 jobs in Texas belong to truckers and projects approximately 62,000 new job openings due to growth over the next 10 years. In response to the ever-growing supply chain issues in Texas, we request that the Legislature invest in the expansion of TSTC’s Statewide Commercial Driver License training program. As the only statewide workforce training college in Texas, TSTC streamlines training programs to ensure consistency, quality, and agility, in order to rapidly respond to industry and state needs. We have partnered with external parties to ensure more Texans will be placed in the workforce in a timely manner.

**EXTERNAL/INTERNAL FACTORS:**

Our execution strategy incorporates proven methodologies, highly qualified personnel, and an exceptionally responsive approach to managing deliverables. The following is a description of our project methods, including how the project will be developed, a proposed timeline of events, and our rationale for developing the project as described. Each site will be a regional transportation ecosystem that will provide individuals with a one-stop shop for training and licensing, as well as opportunities for career progression. TSTC’s primary focus will be on technical training activities while collaborating with local partners, such as chambers of commerce and economic development corporations, to give trainees access to valuable resources that will aid in their careers.

21.1%	Commodities	21.1 %	11.6%	-9.5%	\$2,540,507	\$21,901,442	21.1 %	8.3%	-12.8%	\$1,898,066	\$22,736,594	
	<b>Total Expenditures</b>		<b>14.8%</b>		<b>\$7,430,542</b>	<b>\$50,164,206</b>		<b>9.8%</b>		<b>\$7,312,972</b>	<b>\$74,855,529</b>	

**B. Assessment of Attainment of HUB Procurement Goals**

**Attainment:**

In FY 23, Texas State Technical College (TSTC) significantly increased its total spend from \$50,164,207 in FY 22 to \$74,855,528. Despite this growth, HUB spend slightly decreased from \$7,430,542 to \$7,312,972, reducing the HUB spend percentage from 14.81% to 9.77%. While the HUB spend percentage dropped, TSTC remains committed to supporting HUB suppliers and will continue to enhance engagement and utilization in future fiscal years.

**Applicability:**

All procurement categories apply to TSTC's operations.

**Factors Affecting Attainment:**

TSTC purchases technical equipment, supplies, and services throughout the fiscal year. However, HUB vendors often do not respond to solicitations such as RFPs, ITBs, and RFQs. Additionally, many professional services require unique expertise, resulting in a limited number of qualified HUB vendors. This scarcity makes it challenging to find HUB vendors capable of completing such projects. Furthermore, the limited availability of HUB vendors in specific geographic regions or industry sectors can also impact procurement goals. These factors collectively influence the ability to meet HUB procurement targets.

**C. Good-Faith Efforts to Increase HUB Participation**

**Outreach Efforts and Mentor-Protégé Programs:**

FY22 Events:

- o 3/4/22: Houston Business Matchmaker (Virtual)
- o 3/11/22: TSTC Procurement Round Table (Virtual)

**6.A. Historically Underutilized Business Supporting Schedule**  
89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

Agency Code: **71C**      Agency: **Texas State Technical College - West Texas**

- o 5/2-5/3/22: 15th Annual Spot Bid Fair (Irving, TX)
- o 6/7/22: TRS HUB Event (Austin, TX)
- o 6/8/22: University of Houston HUB Event (Virtual)
- o 6/16/22: SMSDC “New Chapters in Supplier Diversity” (Virtual)

FY23 Events:

- o 9/14/22: UTSSCA 1st Annual Affiliate Conference (Virtual)
- o 9/28/22: USTA Matchmaker Event (Virtual)
- o 11/3/22: 7th Annual Tarrant County (Fort Worth)
- o 12/7/22: 22nd Annual SMWVBO Conference (San Antonio, TX)
- o 3/3/23: Houston Business Matchmaker (Virtual)
- o 5/23-5/24/23: Annual Spot Bid Fair (Irving, TX)
- o 6/6/23: University of Houston HUB Expo (Virtual)
- o 6/15/23: Build Your Dream HUB Expo (Beaumont, TX)
- o 7/12/23: State of Texas HUB + DBE Expo (Austin, TX)

TSTC did not have an active mentor-protégé partnership in the 2022-23 biennium.

**HUB Program Staffing:**

TSTC has maintained the same staffing levels for the HUB Program as in FY2023. The Supplier Diversity Specialist continues to lead outreach initiatives aimed at increasing HUB supplier utilization.

**Current and Future Good-Faith Efforts:**

TSTC has implemented several initiatives to comply with statewide HUB goal.

1. HUB Events Participation: Attend vendor fairs, demonstrations, and other events to learn more about HUB vendors.
2. Supplier Education: Educate and encourage potential HUB suppliers to obtain HUB certification and participate actively.
3. Internal Training: Develop and deliver training for internal departments on HUB program policies and procedures.
4. Promotion: Advocate for the use of HUBs within internal departments by utilizing strategic marketing.
5. Subcontracting Plans: Mandate HUB subcontracting plans for contracts exceeding \$100,000 when subcontracting opportunities are likely.
6. Utilize Directories: Use CMBL/HUB directories for bid solicitations.
7. Active Seeking: Proactively seek certified HUB suppliers through events and outreach initiatives.
8. Strategic Inclusion: Integrate HUB suppliers into strategic sourcing and procurement processes.
9. Communication: Communicate the importance of supplier diversity to all stakeholders, both internally and externally.
10. Supplier Diversity Committee: Establish and operate an official Supplier Diversity Committee within TS to oversee these efforts .

---

**CDL Program Expansion**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2026
Year Non-Formula Support Item Established:	2026
Original Appropriation:	\$12,083,390

**(2) Mission:**

The American Trucking Association (ATA) reports that nearly 72% of all freight tonnage moved in the U.S. travels by commercial truck. In order to meet America's freight needs, the industry requires nearly three million heavy-duty Class 8 trucks and over three million truck drivers. ATA reports the current shortage of truck drivers nationwide is around 80,000 and will reach 160,000 by 2030 if current trends continue. Data indicates that the median pay for a standard Class A commercial driver's license (CDL) is \$60,158, and Class A CDL truck driving jobs that require endorsements (Tanker, HAZMAT, or both) have higher pay. According to the Texas Trucking Association (TXTA), the shortage of CDL drivers continues to negatively impact the supply chain, as 82 percent of Texas communities depend exclusively on trucks for needed products. TXTA also advises that 15 of every 1,000 jobs in Texas belong to truckers and projects approximately 62,000 new job openings due to growth over the next 10 years. In response to the ever-growing supply chain issues in Texas, we request that the Legislature invest in the expansion of TSTC's Statewide Commercial Driver License training program. As the only statewide workforce training college in Texas, TSTC streamlines training programs to ensure consistency, quality, and agility, in order to rapidly respond to industry and state needs. We have partnered with external parties to ensure more Texans will be placed in the workforce in a timely manner.

**(3) (a) Major Accomplishments to Date:**

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

With new funding, the CDL program will be able to expand and meet the higher demand needed in the workforce.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

None

**(5) Formula Funding:**

None

**(6) Category:**

Economic Development

**(7) Transitional Funding:**

---

**Dual Enrollment**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2020
Year Non-Formula Support Item Established:	2020
Original Appropriation:	\$100,000

**(2) Mission:**

Increase the rate of student success by partnering with school districts across Texas with the incorporation of the Career and Technical Education sequenced pathways mandated by the 83rd Legislature’s House Bill 5. Specifically, TSTC is focused on increasing the supply of highly trained technicians for in-demand technology fields in the State of Texas.

**(3) (a) Major Accomplishments to Date:**

Partnered with school districts in delivery of dual credit. Creation of compressed sequences, shortening road to TSTC graduation and entry to Texas workforce in a shorter time frame, ensuring qualification to meet the workforce demands. Expanded reach of service through direct, smooth and transitionless online dual credit offerings addressing CTE/Career Cluster occupations and needs in high demand TWC identified occupations. This provides access to these pathways electronically, regardless of available faculty or staff on the ISD campus. For technical pathways requiring face-to-face format for hands-on training (e.g., Welding and Automotive) delivery is made by credentialed and qualified ISD faculty. Created crosswalk for technical pathways between the The Public Education Information Management System standards (PEIMS), allowing the districts to meet standards regardless of available, qualified faculty or staff. Where feasible, facilitate student travel to local TSTC campus to access technically qualified staff. Participated with the Advanced Technical Credit (ATC) Leadership Committee, a committee of high school community/technical college representatives, in setting the criteria for ATC dual credit across the state, with input from TEA and THECB

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Increase school district partnerships, statewide (depending on funding). Create statewide centers of excellence, providing scaling capability to meet statewide needs. Expand number of HB 5 mandated CTE pathways offered. Expand number of students graduating on a distinguished level (through completed foundation plan endorsements).

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

General Revenue Dedicated - Statutory Tuition at a Discounted Rate

**(5) Formula Funding:**

None

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

**Higher Education Schedule 9: Non-Formula Support**

---

**71C Texas State Technical College - West Texas**

---

**(8) Non-General Revenue Sources of Funding:**

Designated Tuition at a Discounted Rate

**(9) Impact of Not Funding:**

Significant reduction to dual credit offerings and increased costs to high school students for tuition revenue to be charged.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

Non-formula support will be needed on a permanent basis if the THECB formula funding recommendation for dual credit at TSTC is not approved.

**(11) Non-Formula Support Associated with Time Frame:**

This item is not associated with a particular time frame.

**(12) Benchmarks:**

TSTC is an active participant in the THECB 60x30 strategic plan, which provides an excellent external benchmark of high school students enrolling in college and, subsequently, obtaining a degree.

**(13) Performance Reviews:**

N/A

**Institutional Enhancement**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2000
Year Non-Formula Support Item Established:	2000
Original Appropriation:	\$1,640,485

**(2) Mission:**

Though funded at less than 50% of its original allocation, this funding is an important source of funding for various E&G components. These funds will continue to support essential educational support activities, instructional services, and student services.

**(3) (a) Major Accomplishments to Date:**

Educational support. Increased investment in student outreach services resulting in higher levels of prospect to registered students. Instructional support. Deployment of faculty development across statewide campuses with emphasis on new faculty bootcamp, multi-level instructor certification courses, department chair training, competency based education training, and online learning courses and assistance. Institutional Research Tools: Implementation of data research and visualization tools that enabled various levels of college stakeholders to participate in the improvement of instructional programs. Educational Services: Increased capacity of success coach program to increase persistence/retention of students. Deaf and disabled services: Continued services for deaf and disabled students.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Instructional Support: Increased development for faculty, improving and innovating the student learning experience. Institutional Research: Improved effectiveness and productivity of student learning through available dashboards, insights, and analysis. Educational Support: Increasing persistence and retention levels facilitated by improved student support services as well as increased capacities

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

The 76th Legislature created Institutional Enhancement (IE) to consolidate Special Items (including scholarships, instructional services, plant expansion, new plant start-up, and deaf services).

**(5) Formula Funding:**

None

**(6) Category:**

Institutional Enhancement

**(7) Transitional Funding:**

N

## Higher Education Schedule 9: Non-Formula Support

89th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

### 71C Texas State Technical College - West Texas

---

#### **(8) Non-General Revenue Sources of Funding:**

None

#### **(9) Impact of Not Funding:**

Reduced capacity for Instructional Support. Due to core nature of services supported by Institutional Enhancement funds, funding reductions or eliminations would be evaluated statewide across funding categories. Most likely consequences of lower funding will be reduced programming, specifically in areas that are considered low-performance, low-potential.

#### **(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

This item is needed on a permanent basis.

#### **(11) Non-Formula Support Associated with Time Frame:**

This item is not associated with a particular time frame.

#### **(12) Benchmarks:**

TSTC is an active participant in the THECB 60x30 strategic plan, which provides an excellent source external benchmarks. Although the strategic plan ends in 2030, TSTC statewide has already surpassed two of the four strategic plan goals. The first achievement is goal number 3, in which 80% of institution graduates will have completed programs with identified marketable skills. The second is goal number 4, in which TSTC students have an average student loan debt of 29% relative to their first year wage, which positively exceeds the plan goal of 60%. TSTC is actively working on improving the number and rate of students with a degree, which comprise the remaining two goals of the THECB 60x30 strategic plan.

#### **(13) Performance Reviews:**

Student success is continually reviewed throughout the fiscal year with the use of an increasing number of analytic tools. These reporting tools provide a view of the student life cycle, from application to working in Texas. While different departments are focused on various sections of the student life cycle, the reporting tools enable all areas to be continually refined and improved throughout the year. Each semester program review reports are created for college stakeholders to continually monitor performance and to identify potential areas of improvement.
