Section 404.0211 of the Government Code, does not disqualify a bank from serving as a depository for funds of a state agency if one or more officers or employees of the state agency, who have the duty of selecting a depository, is also an officer or director of the bank if a majority of the members of the board vote to select the bank as a depository; and the interested officer or employee does not vote or take part in the proceedings. This section also does not disqualify a bank from serving as a depository for funds of a state agency if one or more officers or employees of the state agency, who have the duty of selecting a depository, own or have a beneficial interest, individually or collectively in 10 percent or less of the outstanding capital stock of the bank, if a majority of the members of the board vote to select the bank as a depository; and the interested officer or employee does not vote or take part in the proceedings.
3. Employees of TSTC who are involved in the selection of depository financial institutions shall not attempt to gain any personal benefit from the financial institutions in turn for depositing the funds in said financial institution. These disclosures are due to the Chief Financial Officer by October 1 of each year. Investment Officers of TSTC, as defined by this policy, shall annually disclose any conflicts to the Board Secretary.

The standard of care to be applied by the Investment Officer shall be the 'prudent investor' rule, which states:

Investment of funds shall be governed by the following investment objectives, in order of priority: preservation and safety of principal, liquidity and yield."

The prudent investor rule shall be applied in the context of managing the overall portfolio, rather than an individual investment.
